### President's Comments

Fellow Members

We are in an unprecedented time in recent history in our country. As a result of the need for social distancing as requested by the national authorities and the CDC, due to the COVID 19 pandemic, your board of directors made the decision to cancel all chapter activities until the end of April. During April we will reevaluate the situation based on national and state directives to determine our activities going forward.

I hope you are doing your best to maintain your health and doing all those things necessary to stay safe and healthy. With the majority of our membership in the high-risk category, you need to use all sources available to get your groceries and medications. Most of the grocery stores have the capability for you to order online and have the order delivered to you or have it delivered to your car, so you don't have to go in the store.

On a lighter note, we passed our 45th year as a chapter of MOAA and received a certificate from National MOAA to acknowledge the achievement. I will have that available at our next meeting for everyone to see. Please do all you can to stay safe and healthy.

**Warmest Regards,**

John Bushko

**AUXILIARY NEWS : from Judy Bushko**

I pray this finds all of you safe and healthy. There will be no auxiliary meetings until further notice. I am staying safe and self-distancing except for doctor appointments and the grocery store.

I have been passing the time by making masks for health care workers. I belong to a group and we make burial gowns for angels who do not come home after birth. We have changed our focus at this time and are making masks. We have had requests from across the valley by healthcare workers, airline flight attendants and others. Right now, our focus is front line health care workers. Please stay safe and we will continue to pray for the health, well-being and safety of all.

Judy

**March Dinner Meeting**

Our group was small, but we enjoyed a good meal and great camaraderie. JR and Diane were there entertaining us with their beautiful music.

**Corona Virus**

Here's what some of our members are doing during this interesting change in our lives, as we all are trying to stay in our homes as much as possible. Hope it makes you smile!

We are more or less hunkered down at the house and getting bored to death. Doing some yard work and enjoying our dog Nelly. I'm including some pictures of her with Melanie where Melanie is instructing Nelly on proper behavior in the green house, teaching her how to cook, and Nelly checking to see if the foods ready yet. **Tom & Melanie Ralph**

Fred is watching the grass and weeds grow in our yard, while watching lots of TV. Every once in a while, he cleans out a box that has been stored for 20 years or so. I have been recovering from hip replacement surgery done on Valentine's Day, learning to walk again without pain. I am also doing a little quilting, working on income taxes and cleaning out some accumulated junk. We have lived in this house since 1979 and every closet and space is full of things we haven't seen or used in years. It is a blast from the past to go through the stuff, lots of memories and laughs as well. It definitely keeps me busy. **Ann & Fred Ferguson**

## Superstition Mountain Express

Arlan and I have finally caught up on some much needed rest. Since before he had the stroke, we have been on a marathon ride of life. Our goal is to have our "junk" room cleaned out and have a functioning office again. In addition, we are getting the "pool" room straightened up from all the "stuff" that has accumulated from his dad's house, so we can play some pool. In short, we have several goals! Hopefully they will all be accomplished. **Peggy & Arlan Allen**

Paula & I have been keeping busy, watching a lot of TV, & driving each other crazy. Lots of old movies, dog walks, & Hallmark Movies & Mysteries. We will miss the MOAA activities and look forward to their resumption.

This is Bowen, a Queensland healer. Don't let the smile fool you-he is "Bad to the Bowen." **AI & Paula Anderer**

I continue to watch old tv shows and my westerns. They remind me the world can get back to normal. My bride Jo, of 59 years as of the 22<sup>nd</sup> has carried on valiantly watching Hallmark movies and enduring my westerns. With good Lord watching over us we will overcome the disease. Our fabulous Congress continues to remind me of how they only think of themselves. Marine theme "We adapt and overcome. "Semper Fi. **Jo & George Meegan**

As per this photo, I am social distancing into a closer relationship with my overgrown mesquite tree and the rest of our yard! It gives me much relief from the shrill news of the media. Needs are few. But if you have a spare roll of TP....! The Superstition Chapter now has a new banner and easel plaque of our logo. If we only had a place to go and recruit new members! Marilyn and I are doing well and looking forward to seeing everyone in the near future. Hang in there and quit listening to the news.

**John & Marilyn Marsh**

24 hours and what do we do? I'm reading a book titled "Sarum," a complete history of southern England. Ed is doing computer scanning--finding out about a winery 45 minutes north of Prescott. We dined this AM with McDonalds' take-out. Going through scads of memorabilia; scrapbooks, pictures. Fond memories. On March 23<sup>rd</sup> & 24<sup>th</sup>, our streets are being repaved. No cars allowed!!! Happy day to all!!! **Ann Schminke & Ed Mangan**

Meredith is going for walks and doing a line dancing class by video. I am doing 0700 tai chi classes on Monday and Friday and catching up on my reading and exercise. I drive to a park, park under a tree, walk a lap or two then read and get caffeinated. Presently working on "Conscience of a Conservative" by Jeff Flake and "1776" by David McCullough. Next will be "AUTOPSY of an Unwinnable War: VIETNAM by Col (Ret) Wm Haponski. Also try to go to a small cafe or diner a few times and get a takeout breakfast or lunch. Between us, I tip well because if not me, who? **Meredith & Greg Moore**

## Superstition Mountain Express

Last week my Doctor put me on hospice so a medical person could come to my house and monitor and give me my pain medication. But after a few days of that I could not even walk and I realized they were giving me too much medication, so I quit taking any at all. Now I am doing fine with just Advil. I don't get out much, so this "shut-in" hasn't affected me much. My neighbors and all the houses on my street for about two blocks are going out to the end of their driveways at 5:00pm each day, waving to each other and singing songs. As long as someone is here to help me, I will go out and join them. **Mary Thomas**

The flower Shar Pei is named Bogie and the brown boy is a rescue called Wags. We've been doing work around the house, mostly gardening by Vickie and fence painting by the both of us. We've kept the travel to a minimum although I did travel up to the Verde Ranch this week to drop off supplies to our ranch manager. Other than that, fairly quiet.

**Vickie & Karl Pfitzer**

Hope you are doing fine in these tough times. Lesley and I have been shut down in our DAR, SAR activities and meetings. Recently I had a zoom meeting for my SAR chapter that went very well. So good that we are planning to do a State SAR Officers Meeting in April. So we are learning new ways to communicate. I have been spending time doing SAR Supplementals and have finished 6 of them. The Patriots cover my mother's maiden name Silverthorn and her mother's maiden name Carroll. Two for each. I have been taking my dog Buster on walks in the evenings and sometimes to the dog park to see his friends. So, we look forward to getting

back to normal. I believe it will take longer than we think. We pray for our leaders and all the health care professionals putting themselves in harms way. **Lesley & Bill Baran**

Two week ago, Jan and I went to Sedona for a few days. I took in one day of snow skiing before Snowbowl closed. Last Monday through Wednesday, worked on the flower beds and got the pool ready for the summer. Thursday and Friday, I went into work. This Sunday, the office was closed down for deep cleaning and now I'm teleworking from home. **Jan & Mike Ostermeyer**

Since it is tax season, I'm pretty much glued to my desk. I have very few local clients so most of my clients mail/email their tax documents. Some of the locals have stopped by and/or emailed their stuff. I would love to send you a picture of my pet, but he died last year, and I have no pictures of him. I hope to get a replacement after tax season when I'll have more time for training, etc. Stay safe and well. **Lou Bates**

## Superstition Mountain Express

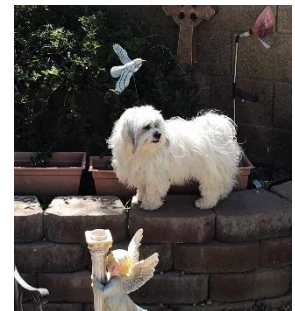

Hubbie Roddy has accepted the "Corona stay-at-home" challenge with a vengeance! He has already repaired the roof, chopped down a tree, and made front and back yards look beautiful. As I type, he's at Home Depot buying stucco mix, wood to repair the patio cover, and paint. In between times, he's doing an amazing job cleaning out the garage, so he can then start rebuilding his family 1968 Camaro. Wow!

I, on the other hand, have sorted thru hundreds of old greeting cards. I threw away some, and the rest are now nicely organized. I'm trying to send more cards to my Aunt Bernice in a nursing home in Pittsburgh. She can't use the phone, and currently "no visitors." I'm also pretending I'm on the TV show "Chopped," seeing what I can make from existing frig and pantry items. An opportunity and an adventure!

"Dates" and "outings" have taken on new meanings. To go to the Buckeye Dump with our dead trees, I fixed up my hair and put on make-up. Hey, we're going out! Fortunately, I had a mask, to keep the many flies off my face. Roddy suggested I get into the vehicle and enjoy the air conditioning. Thank-you Sweetie! Our other big adventure was checking out "Senior Hour" at Costco. Currently Costco is having Senior Hour every Tuesday & Thursday from 8-9am. We got there at 7:30. The parking lot was full and ugly, and in the double backed line we were # 477 and # 478. We did NOT stay. We then risked our lives getting out of the parking lot.

In summary, I remember my Dad's favorite saying: "Use it up, wear it out, make do, and do without." Roddy and I did some brainstorming...what if we were REALLY out of toilet paper, kleenex, paper towels, and paper napkins? I'd cut up and use old underwear, and Roddy would sacrifice old T-shirts. Can't flush them but can "bag and trash."

Stay Safe, Stay Well!! **Rebecca & Roddy Charlton-Schmidt**

Ed and I are making some shelves for the Family/Sports room and getting our sports room decorated. My Dback bobble heads now have a home! We watch a movie and play cards in the evening, are enjoying putting puzzles together and taking the dogs for walks. Ed plays World of Warcraft and I am scanning and organizing old MOAA pictures and of course playing with the dogs. Working in the yard is giving us some time outside. Zureka is black & white and Keira is the white one. Sisters, they are one-year old Maltese Shih Tzu mix. **Marlene & Ed Fox**

# America is a great country, this too shall pass!

## CHAIRMAN REPORTS

### **1st Vice President** **Arlan Allen- Programs**

In compliance with Federal, State and Local guidelines, to combat the spread of the Covid 19 Virus, Superstition Mountain Chapter, MOAA, has cancelled all activities for April 2020. We will reevaluate at the end of April and are hoping to resume normal dinner activities starting on May 17<sup>th</sup>.

Take care of yourselves and don't let "cabin fever" get to you...there's plenty of toilet paper to go around!

602-283-5862 - [cw4allen@cox.net](mailto:cw4allen@cox.net)

### **Legislative** **Dave Rataczak**

#### **From March 18, AZCOC Legislative Update**

So far support in the 2020 state legislature for veterans' issues remains mixed. Here's an update on two of the biggest issues being worked in this session.

#### **Veterans Benefits Counselors (VBC's)**

This year's efforts to increase the number of VBC's in Arizona continue to move forward in the legislature. SB1044, sponsored by Senator David Livingston, calls for six new VBC's. It was passed by the Senate on February 4 and sent to the House. The House Military and Veteran's Affairs Committee passed the bill March 2. A similar bill in the House, HB2139, sponsored by Representative Jay Lawrence, passed the House Appropriations Committee on February 12 and the full House on March 2 by a vote of 59-1. It was then sent to the Senate for further action. This initiative looks like it will get final approval in both Houses. Differences in the bills will be reconciled before the final version goes to the Governor for signature.

#### **Tax Exemption on Military Retired Pay**

Governor Ducey's call for full exemption of military retired pay from state taxes is facing strong opposition in the Arizona legislature. A major factor is the \$45M price tag which is proving to be a heavy lift for supporters. The Senate bill to do this, SB1237, sponsored by Senator David Gowan, failed in a vote before the full Senate on February 25<sup>th</sup>. Sen Gowan's motion to reconsider at a later date was approved. In the House, Representative Gail Griffin's HB 2676 narrowly passed the House Ways and Means Committee on February 19<sup>th</sup>. It has yet to be heard in the House Appropriations and Rules Committees.

A recent Op-ed in the Arizona Republic, co-authored by three prominent veterans, makes a strong case for full exemption of military retired pay from state taxes. The key argument centers on the proposed tax break being a work force initiative to attract future military retirees to the state, bringing with them valuable skill sets and generating more revenue for the state in the long term. Governor Ducey's office has also released a video further making the case for approval of this proposal. Governor Ducey's continued support will be the key to getting something done on this initiative.

It's not clear when SB1237 will be reconsidered. You can help Senator Gowan by letting your state senators know now that you support SB1237 and Governor Ducey's initiative.

A bill in the Arizona Legislature proposes doubling the current gas tax in the state to help pay for the infrastructure maintenance on the state's roads and highways.

House Bill 2899 Would increase the existing gas tax of \$0.18 per gallon to \$0.36 over the course of three years, according to the text of the bill. The bill would add \$0.06 the the current \$0.18 a gallon effective on July 1<sup>st</sup> of this year and it would go up another\$0.18 a year through fiscal year 2022-23. The bill unanimously passed the House Transportation Committee. The bill was proposed by Rep Noel Campbell, R Prescott. As reported by Alexa D'Angelo in the Gilbert newspaper.

### **Personal Affairs** **Greg Moore**

#### **Survivor/ Spouse File**

Your Birth Certificate, Marriage License and DD214 are three of the most important documents you need to have in this file.

The fourth item for your file deals with finances. As you are getting dividend/interest statements in preparation for your taxes, list each account with name, address, phone number, and account number on a separate sheet of paper. This will include checking and savings accounts, brokerage, mutual funds, and annuities. This will serve as a ready reference file for your heirs. And remember, you should have contacted all of these financial institutions previously to ensure that the account is titled so your survivors will have no problems accessing them.

## Superstition Mountain Express

The next item for your survivor's file is a copy of your Living Will and medical power of attorney (also known as Advanced Directives). Remember, this document has nothing to do with money, land, etc. It is your expression to your loved ones as to your medical wishes should you be unable to express yourself and allows you to appoint someone to speak for you for medical issues. All of your adult children should have a copy of this document.

1. **Birth certificate**
2. **Marriage license**
3. **DD 214 (Certificate of Release or Discharge from Active Duty)**
4. **Financial information.**
5. **Living will and medical power of attorney.**

## ROTC/JROTC

Ed Mangan

Due to the Corona Virus situation, all **ROTC/JROTC Awards Programs have been cancelled.** I am in the process of mailing all the awards to the schools, for the Instructors to present to the cadets when school reconvenes.

If you have agreed to sponsor a school, we still need your donation as we have already purchased all this year's awards.

If you have any questions, please call or email me.

MOAA National membership for 2020 has 3 types to pick from. **1. Basic-free-electronic only.** **2. Premium- \$43.00 a year.** **3. Life membership-fee is age dependent.** As a **BASIC Member** you will receive electronic newsletters and have opportunities to participate in grassroots activism effort. You get *Military Officer Magazine* via our mobile app. You'll also have the opportunity to attend our career fairs, networking events, and classes and to take advantage of valuable discounts on products and services. As a **PREMIUM Member** you get full access to everything MOAA has to offer, including our full spectrum of our career resources (one-on-one career counseling, résumé reviews, and interviewing advice and critiques), countless discounts on products and travel, and access to all MOAA exclusive publications and news updates. You'll be able to tap into MOAA's staff of experts for financial and investment advice, college scholarships for dependents, and much more. That's on top of all the benefits you receive at the BASIC Membership level.

*Superstition Mountain Chapter* membership fee is **\$25 per year**. Spouses of current members may participate in Chapter Auxiliary luncheons and activities with no fee. Chapter bylaws require Chapter members and Chapter Auxiliary members to be members of MOAA National.
